

Photo check list

Never miss a shot with Shutterfly Team Share sites. Below are suggestions to help you capture all the wonderful memories.

Pre-season

- Take a fun group shot unique to your team.
- Take headshots of individual players for the team roster.
- Get a shot of the team banner to use on the home page of your site.
- Photograph the coaches and volunteers for easy identification.
- Capture exciting pre-season events like the first practice.

During the season

- Get action shots on and off the field— in the dugout, on the sidelines, during warm-ups.
- Capture interactions and relationships—team huddles, high-fives, coach and player interactions.
- Capture moods—the anticipation before a big game, the joy after a goal, the fans' excitement, the intensity while listening to the coach.
- Get scene shots of the equipment, scoreboard and field to help tell the story.
- Capture details like the players' numbers, shoes and uniforms for added richness.

Post season

- Take photos of trophies and awards.
- Bring your camera to post-season celebrations.
- Take shots of the players with their families and friends.
- Capture a final team photo at the end-of-season event. This along with the pre-season group photo will make a great before and after comparison.
